Dear Parent or Guardian:

New York State law (Chap. 281) instructs schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. We recommend that each student visit the dentist every six (6) months in order to maintain good dental health, however, we request only one dental form during the above school years. Please ask your dentist to complete this form and return it to your school nurse.
