

4. Other Measures of Effectiveness (Teachers)

Created Thursday, May 03, 2012

Updated Wednesday, January 02, 2013

Page 1

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

Marshall's Teacher Evaluation Rubric

(No response)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	60
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	0

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

Sixty (60) points of teachers' APPR shall be done using the Marshall Rubric in the manner specified in the attached document (Table D3). Each page (Domain) of the Marshall Rubric shall be scored with whole numbers from one (1) to four (4); where a score of one (1) corresponds to Ineffective, two (2) Developing, three (3) Effective, and four (4) Highly Effective. The Domain score will be based on the evidence collected/observed in each subcomponent of the Domain. An average computed by adding the score from each page (Domain) and dividing by six (6) shall be computed for each teacher. Averages will be calculated to one decimal place using normal rounding procedures (i.e. 2.35 would become 2.4). The Teacher Effectiveness Conversion Table, will be used to convert the average score on the six (6) pages (Domains) to points from zero (0) to sixty (60). Each Domain will be assessed holistically at the end of the year based on collected evidence. Classroom observations will be the primary source of data for assessing Domains A, B, C, and D.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5091/124292-eka9yMJ855/Teachers Table D3 - Teacher Effectiveness Conversion Table REVISED2.doc

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	A rating of highly effective is achieved by demonstrating exemplary performance in planning and preparation, classroom environment, instruction, and professional responsibilities and earning an overall average score on the Marshall rubric of 3.5 - 4.0.
Effective: Overall performance and results meet NYS Teaching Standards.	A rating of effective is achieved by demonstrating strong performance in planning and preparation, classroom environment, instruction, and professional responsibilities and earning an overall average score on the Marshall rubric of 2.5-3.4.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	A rating of developing is achieved by demonstrating a need for improvement in the performance of planning and preparation, classroom environment, instruction, and professional responsibilities and earning an overall average score on the Marshall rubric of 1.5 - 2.4.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	A rating of ineffective is identified by poor performance in planning and preparation, classroom environment, instruction, and professional responsibilities and earning an overall average score on the Marshall rubric on 1.0 - 1.4.

Provide the ranges for the 60-point scoring bands.

Highly Effective	59-60
Effective	57-58
Developing	50-56
Ineffective	0-49

4.6) Observations of Probationary Teachers

Enter the minimum number of observations of each type, making sure that the number of observations "by building principal or other trained administrators" totals at least 2. If your APPR plan does not include a particular type of observation, enter 0 in that box.

By building principals or other trained administrators

4.6) Observations of Probationary Teachers Formal/Long	4
4.6) Observations of Probationary Teachers Informal/Short	0
4.6) Observations of Probationary Teachers Enter Total	4

By trained in-school peer teachers or other trained reviewers

Formal/Long	0
Informal/Short	0

Independent evaluators

Formal/Long	0
Informal/Short	0

Will formal/long observations of probationary teachers be done in person, by video, or both?

-
- In Person
-

Will informal/short observations of probationary teachers be done in person, by video, or both?

-
- Not Applicable
-

4.7) Observations of Tenured Teachers

Enter the minimum number of observations of each type, making sure that the number of observations "by building principal or other trained administrators" totals at least 2. If your APPR plan does not include a particular type of observation, enter 0 in that box.

By building principals or other trained administrators

4.7) Observations of Tenured Teachers Formal/Long	2
4.7) Observations of Tenured Teachers Informal/Short	0
4.7) Observations of Tenured Teachers Total	2

By trained in-school peer teachers or other trained reviewers

Formal/Long	0
Informal/Short	0

Independent evaluators

Formal/Long	0
Informal/Short	0

Will formal/long observations of tenured teachers be done in person, by video, or both?

-
- In Person
-

Will informal/short observations of tenured teachers be done in person, by video, or both?

-
- Not Applicable
