

The Plainview - Old Bethpage Central
School District
In conjunction with
the POB PTA Council
Present:

empowering
parents

A SUBSTANCE ABUSE FORUM "The Effects of Drug Abuse On the Brain"

Presented by

Dr. Stephen L. Dewey

Professor for the Center for Behavioral and Molecular Imaging
at the Feinstein Institute for Medical Research
Professor of Molecular Medicine at Hofstra Northwell School of Medicine

THURSDAY, MAY 4th 7~8:30 PM

**Stratford Road Elementary School
33 Bedford Road, Plainview**

THIS IS A "PARENTS ONLY" EVENT

❖ All are welcome and encouraged to attend ❖

To Register: <https://goo.gl/forms/6pSnTOtEOp6Fqiaw2>
Prior registration is encouraged, but not required.

This presentation will empower parents with the knowledge and confidence to guide their children through the adolescent and teen years.

Children who abuse substances are at risk for a wide variety of issues that may interfere with their development and their transition into adulthood.

LEARN HOW DRUGS CAN AFFECT YOUR CHILD'S MIND & BODY

To Learn more about the POB PRIDE Survey on Drug, Alcohol, and Tobacco use:
