Superintendent Update

Mr. Dempsey updated the Board on staffing issues. There is a need for 1.6 AIS staffing. We also have a need for a .33 physical education teacher.

Mr. Dempsey stated that we would use the \$98,000 Title I money. We will also use the \$24,000 from the prior year.

Ms. Gierasch stated that based on the ELA results and other data over time, our ELA staffing is OK.

Ms. Gierasch stated that at Mattlin Middle School we need .4 additional AIS staffing. At Plainview-Old Bethpage Middle School we need .8 additional AIS staffing. At the High School we need .4 additional Read 180.

Mrs. Bernstein asked if we have concerns that Plainview Middle School's need is double the needs of Mattlin.

Mrs. Schulman asked the sizes of the sections at Mattlin.

Mr. Dempsey stated we will provide the numbers.

Mrs. Pierno stated that for the AIS position, we can always appoint when school starts. However, in the high school we have to set up schedules.

Mr. Jonas explained how we will do it.

Mr. Dempsey stated that he and Ms. Gierasch will meet with the principals and look at every student who fall into these categories.

Mrs. Bernstein asked if we will be taking some of these positions out of breakage.

Mr. Jonas explained there will be very little taken out of breakage.

Mrs. Bernstein noted that the Board of Education discussed breakage at the end of the budget process. We were assured that we would be able to meet all our needs.

Mr. Dempsey stated that we have some saving in salaries due to the retirement of teachers.

Mrs. Schulman has asked if there has been any changes in class sizes.

Mr. Jonas noted that some classes have gone down in size.

Mrs. Schulman spoke of the schedules from the high school that came late to the students.

Mr. Jonas stated that we were making changes up to this past Friday.

Mr. Dempsey stated that we ought to set a time frame that is earlier in August.

Mrs. Schulman stated that other surrounding districts have the same issues we have and yet they got the information out earlier.

There were approximately 20 district residents and staff members present.

Mr. Bettan called the meeting to order at 7:45 p.m.

The Pledge of Allegiance was recited.

Mr. Bettan welcomed everyone to this evening's Board of Education Meeting. He gave an overview of the reports and discussions that will be given tonight. Each of these areas is very important to the Board and will tie in to the upcoming discussions about our goals for this year and beyond. This will be taking place tonight and over the next several Board meetings.

School Climate is about the learning, social, emotional and academic aspects that exist in our district. The comfort level in our buildings is important but the bigger picture is providing our kids with the best possible environment in which to learn and to grow up.

Mr. Bettan spoke about the changes in the grades 3 through 8 assessments. The dates of the tests were moved out into April and May. After they were administered, the New York State Education Department decided to change the cut scores for both proficiency and mastery

Mr. Bettan stated that after many delays, the State has finally passed a budget. It does not include a restoration of the lost aid to school districts. He spoke of what Mr. Dempsey and Mr. Ruf did in building the 2010/2011 budget. Our planning was solid and the impact in the current year will be far less than that for other districts that may have taken a less conservative approach.

Retiree Presentation

Mr. Arthur Jonas spoke glowingly of Jane Behrens, a retiring macroeconomics teacher at the high school. He spoke of how she touched all the lives of the children she taught and how she is held in high esteem by her students, colleagues and administrators. He wished her well in her retirement.

Mr. Bettan, on behalf of the Board of Education presented Ms. Behrens with a plaque and he too wished her much happiness in her retirement.

Announcements

Mrs. Rothman stated that she and other Board Members attended the 16th Annual Summer Law Conference. She spoke of some of the issues that were discussed, namely charter schools, competitive bidding, school accountability, teacher and principal evaluations and make-up credit for incomplete or failed high school courses. Several major court cases were discussed. Mrs. Rothman spoke of trends in teacher contracts and Medicaid reimbursement.

Mrs. Schulman also attended the 16th Annual Summer Law Conference. She spoke of changes in regulations in special education. She spoke of changes for purposes of discipline. She noted that the school district needs to have a system in place to monitor kids whose parents have revoked consent. Mrs. Schulman reviewed new IEP forms.

Mrs. Bernstein stated that in last week's PLAINVIEW HERALD, there was an article regarding Evy Rothman's election to the Board of Trustees of the Plainview Jewish Center. She has also been appointed to be Chair of the Focus Committee at the Jewish Center. This is an education committee. Mrs. Bernstein congratulated Mrs. Rothman.

Superintendent's Announcements

Mr. Dempsey stated that we received \$98,000 Title I money. This week we were notified that we will receive an additional \$24,000 rollover Title I money. He also noted that we were approved for a \$38,000 Immigrant Grant.

Mr. Dempsey stated that the Summer Special Ed program ends this Friday. It was a bit smaller this year. The upper and lower programs were combined and it was very successful.

Summer Schools

Mr. Jonas reviewed the BOCES Collaborative Summer School Program. This year we had 197 students including our walk in students. 110 were from Plainview. 87 were from Bethpage. The students are doing nicely.

Reduction in State Assessments

Ms. Gierasch discussed the State Assessment tests that were reduced. She reviewed the exams that remain. She reviewed what was eliminated. She will continue to update the Board.

Mrs. Pierno asked if we have any plans for the exams that were eliminated.

Ms. Gierasch stated we will be having discussions regarding the exams that were cut.

School Climate

Mr. Dempsey discussed “School Climate” and what this means. He stated that a while ago he and a group of administrators established the Social and Emotional Literacy Forum. This is a volunteer collaborative network of educators from Nassau and Suffolk counties seeking to enhance school climate and increase academic achievement. He discussed its mission statement. School climate is a subject that includes bullying and cyber-bullying.

Mr. Dempsey spoke of Mr. Halligan, a guest speaker who described his family’s experience with bullying. His presentation was moving and was received well by the students and the parents. He spoke of the forum that was hosted by Senator Hannon at Mattlin Middle School and how successful that was. He spoke of a group of Plainview-Old Bethpage parents and what they are trying to do to eliminate bullying in the schools. The Town of Oyster Bay has been in touch with him regarding what can be done toward eliminating bullying and educating the community.

Discussion:

Mrs. Lieberman stated that she was thrilled that we are looking at this very important subject. We have to make sure that we have a curriculum that piggy backs every year. It has to start in the kindergarten. When a child sees something, they should say something. You have to change the process starting with the younger children. She asked if it were possible to develop our own policy on bullying. She also stated that we have to have consequences. If a child does something, there has to be a consequence. She spoke of a program in Norway and how successful it was.

Parents, students and staff have to be on the same page. She expressed her view that a team approach is necessary. We have to teach our kids the end result.

Mr. Cepeda appreciates that we are looking at this topic. They come up in cycles. Bullying does not only occur in the school setting. It happens in the community setting. Many times it then goes into the work place. We have to look at the whole picture. We have to bring in other groups from the community. This is a social issue that needs to be addressed. He stated that it has to be broad. He reiterated that we have to bring in other groups.

Mrs. Schulman feels we should reach out to the community. Parents need help and information especially in the area of technology. We have to help parents learn about technology.

Mrs. Schulman stated it has to be community wide. There has to be appropriate supervision and consequences. She stated that bullying is likely to occur during recreation.

Mrs. Lieberman stated it occurs during recreation, in the back of buses, the bathrooms etc.

Mrs. Schulman reiterated her views that there must be supervision.

Mrs. Rothman spoke of a recent Board Retreat at which the Board discussed developing strategies to reach out to the community. She noted we have done an outstanding job in educating our children about drinking and driving. We have to have our staff and administrators talk about updating our curriculum regarding bullying.

Mrs. Bernstein asked where we go from here.

Mr. Dempsey stated we have to generate goals around the topic in the next several Board meetings. What form of assessment do you use to identify these situations. We have to do research.

Mrs. Bernstein noted that years ago, the district-wide Health Committee developed and administered a bullying survey. She asked if it were possible to look at this.

Mrs. Pierno agrees that we have to get a handle on what our community, staff and kids think. Are our programs sufficient. Are they doing the job. Surveys and focus groups let us know if we are doing the right things. We have to pay attention to what the kids say.

Mr. Bettan expressed his views that the time is right for this. There are many forms of surveys available. We will have to decide how we want to integrate this into our curriculum. We have to involve all the members of the community. We have to treat everyone nicer and be respectful of one another. If one kid steps up, we will have accomplished something. This has to be incorporated into the curriculum.

Mrs. Bernstein expressed her views that we have to involve the parents. We have to try to change the culture of our whole community.

Mr. Dempsey stated he wants to create a respectful environment.

Mrs. Lieberman stated that using polite words could take the heat of certain situations. It is the beginning.

Mrs. Pierno spoke of the SOS program and how successful this program is

State Assessment Results

Ms. Gierasch stated that the English language arts assessment was moved from January to April and the mathematics assessment was moved from March to May. We received the results July 28th. The cut scores for Level 2 and Level 3 proficiency were raised.

Ms. Gierasch reviewed what is being planned for the 2011-2012 school year. The length of Math and ELA test will be increased. There will be more new test performance indicators. Test items will be more difficult to predict. She reviewed the new performance level labels. She spoke of proficiency standards. Proficiency scores are set so that if a student makes a year's worth of developmental growth, they will be on track for a college-ready Regents score.

Ms. Gierasch compared our ELA and Math scores with those of the State and Nassau County. She reviewed assessment ranking information.

Discussion:

Mrs. Lieberman asked if we could get grades 6-8 ELA material to see where our kids are weak.

Ms. Gierasch stated we will be able to do this but not right now. We will be able to breakdown all the data by school, class and teacher.

Mr. Dempsey stated that our task is to diagnose and analyze why we did better in certain grade levels. We have to look at where we did well so we can sustain this. The variation is not very great in the math scores. There is more variation in the ELA. We have to determine what we have to look at.

Mrs. Schulman expressed her concern about the students that were on the "bubble" last year. They could score 1-2. She asked if we have the date yet.

Ms. Gierasch agrees that we need to look at where the children did poorly.

Mrs. Rothman spoke of the comparison between the math results to the ELA results.

Ms. Gierasch stated we need to take our benchmark and develop curriculum based measures.

Mrs. Rothman discussed the pulling out of student for AIS. Do they miss out.

Mr. Dempsey discussed services for children.

Ms. Gierasch discussed the number of students for whom we will now be providing AIS services. We will need to add a .5 AIS support teacher in the high school in ELA. In the middle school we will need to add a .5 at Mattlin Middle School and a .5 at POB Middle school to provide AIS services for ELA.

Mrs. Bernstein asked if we are going to explore how we have been delivering the services to these students. Can we deliver these services outside the school day.

Mr. Dempsey stated they cannot be delivered outside the school day.

Mrs. Bernstein asked if the 9th period would be considered part of the school day.

Mr. Dempsey believes not.

Mrs. Pierno believes that it was unfair to change the bar after the fact. However, raising the bar is a good thing. Identifying more kids is a good thing. She expressed her views that we should start more intervention in the earlier grades.

Mr. Jonas spoke of an article that was written in the NEW YORK TIMES. The articles express the views that this is an opportunity.

Mrs. Pierno stated that this is one test given on one day. It is one snapshot of the kids.

Ms. Gierasch stated we have to look at the whole child and look at every individual child.

Mrs. Lieberman expressed her concern about the mastery levels. The elementary schools are the foundation. There are a lot of programs there. We should find out what is working. We want our kids to achieve mastery. The high school is the end. We have to help these high school kids. Administration has to tell the Board what it needs to make it work.

Mr. Dempsey stated that AIS is remedial. We have to look at what preventive steps have to be taken.

Mr. Cepeda said this is a challenge that was noted at the national level. There are implications that affect new SED laws affecting teacher and principal evaluations. He also said we need to make our own assessments. We have to put the right staff in place. It is not only about remediation. We have to look at it long term.

Ms. Gierasch noted that meaningful staff development was approved.

Mr. Cepeda is in favor of support and he also believes we have to make people accountable.

Mr. Bettan expressed his views that we have to raise the academic standards. Flat isn't a goal. We have to come up with goals that will raise the bar. He stated there are no problems, only opportunities. We have to make an action plan.

Budget

Mr. Dempsey stated that the budget was 125 days late. We still have not received information as to what we will receive in terms of aid.

Mr. Ruf gave an overview of the State Budget. The state is going to maintain 80% of their support of the summer special education program. He discussed Medicaid cuts that could dramatically affect school districts. He spoke of federal monies to prevent teacher layoffs. He spoke about what we have in the budget and what we will receive. He reviewed last year's budget. He spoke of our three reserves that will be able to be replenished.

Discussion:

Mr. Cepeda noted that we are voting on the tax levy tonight. If there are changes he asked how it will affect us.

Mr. Ruf stated that if there is any change from the Governor's budget it would likely not be substantial. We could take a look at other areas we could get this sum from.

Mr. Bettan complimented Mr. Ruf, Mr. Dempsey and the Business Office for the job they did with the budget. He discussed the "Keep the Teacher Aid".

Mr. Ruf stated that rules have not been established. The goal of this from the point of view of the federal government is to keep people working.

Mr. Bettan asked if this could help fund AIS.

Mr. Dempsey stated it is a political process. We will keep the Board updated.

Public Participation

Ms. Stefanie Nelkens discussed the math assessment. She expressed her views that it would be a good time to review the envision material and the pacing to make sure it is appropriate. She stated that after the first grade, half of the year is spent reviewing what should have been mastered in the previous grade.

Ms. Nelkens stressed the importance of communicating the results of exams with the parents. In general the more information parents have, the more they can help their kids. Baseline information for parents is very important. She stated that any information that can be shared should be shared.

Mrs. Nelkens noted that in the elementary schools, when a child is pulled for help, he is being pulled out during an academic subject.

Mr. Bettan stated there is a letter on the website telling parents when they can expect their child's score.

Mr. Mark Rosenthal spoke of zero tolerance for bullying. He agrees with Mrs. Lieberman. There must be consequences. You have to get parents involved.

Mr. Rosenthal discussed an retirement incentive that he developed. He spoke of how much money he believes the district could save by implementing this incentive. The lack of state aid will come back to hurt the taxpayer. He would like the Board to look at his plan again.

Mrs. Cathy Shapp, President of PTA Council, asked if the letter regarding the scores is on the website. She asked if we have contacted parents of the students planning on taking Italian to let them know of the lack of a regents in that subject. She requested that the students be identified and the parents spoken to. She wants them to have choices.

Ms. Melony Mills asked about Project Challenge. She asked the length of the day for Project Challenge students.

Ms. Gierasch stated that at the present time it is a half day program in the 3rd and 4th grades.

Mr. Rich Cerri discussed a bid he put in.

Yan Gao had suggestions for the ELA tests. She wants to make sure they are teaching everything on the test. She discussed funding for programs. She discussed the impact on the taxpayer when the funding no longer exists.

Discussion:

Mrs. Lieberman also spoke about what occurs on the weekends when games are played on our fields. Parents and coaches direct certain comments to the children that are not nice or appropriate. She asked if we have any control over comments such as these. She suggested that perhaps we could have signs installed stated that we expect the same behavior from these people that we expect from our students.

Mr. Bettan noted that every year the District gives permits for use of our facilities. We can ask them to comply with our code of Conduct.

Mrs. Bernstein asked if we could see some templates from the State and from other districts regarding their policies on bullying.
