

# Superintendent's Highlight of the Week

May 13, 2016

The Mattlin Drama Cadets did it again!!! Is it possible that this level of performance can come from middle school students? The hard work and talent of all involved was evident from the minute the curtains opened as we sat in awe of the costumes, sets, singing and dancing. Mr. Bonica and his team has managed to thrill all by finding new ways to produce this very familiar fable. I am still trying to find out how Merry Goldfarb achieved the rags to riches transformation of Cinderella right before my eyes!!!

Every member of the audience was caught up in the fairy tale and wanted to see Cinderella fill those glass slippers.

There is a lesson of good triumphing over evil that has been translated in this simple story over the ages.

Yes the Mattlin Cadets have confirmed once again that it's all possible. Good things are happening every day in POB schools !!!
