

Superintendent's Highlight of the Week

June 19, 2015

On June 12, 2015, Pasadena Elementary School held its annual Spelling Bee arranged by the school librarian, Mrs. Ropke. The students from all grade levels were given a variety of academic words from the science and health curriculum. Initially, the “buzz” are created in the classrooms by the grade level teachers. Classroom spelling bees are given and the winners of the classroom bees compete in the building wide contest. This year, Joshua Kim and Kaitlyn Campagna tied in the 1st and 2nd grade competition. Ryan Flood won the 3rd and 4th grade competition with Leah Morgenthal coming in as 1st runner up.

Congratulations to all of the students who participated in this fun educational experience!
