

SAT PREPARATORY COURSE

Provided by SCOPE Education Services

SCOPE — Long Island's leading Education Services provider — brings over 35 years of success and training expertise to the important task of enhancing individual student performance on the critical SAT examinations. This 7-session course will provide intensive practice and test-taking strategies in both verbal and mathematics instruction. Test scores generally improve in direct relation to the amount of work and effort performed by each student. Therefore, students will be expected to attend all sessions and be prepared to complete all classroom and homework assignments.

The spring 2012 course will begin in March in preparation for the May 5, 2012 exam.
