

Plainview-Old Bethpage CSD 2016-2017

District Library

February 29, 2016

Points of Pride

- We have been proud to support many of the District's initiatives such as the Hour of Code, Digital Citizenship Week and the 1:1 Initiative.
- We are in the process of integrating Chromebooks into our elementary school libraries so that we can help our students develop 21st Century skills.
- We provide our students with experiences that generate excitement about reading.
- We develop programs and lessons that supplement and enrich the curriculum.
- We provide students the opportunity and resources to explore their own interests and curiosity.
- We have offered professional development to our faculty on using school databases, utilizing online and print resources, using Google Drive and Google Classroom
- We have presented to teachers and staff from schools throughout Long Island on digital literacy, digital age libraries and coding in the classroom.

Budget Supports

- We seek to incorporate new and emerging technology into our library media center programs.
- We seek to provide students and staff with print and digital resources that are up-to-date.
- We seek to acquire resources that meet the diverse learning needs and styles of our students.
- We seek to provide access to virtual resources that are available to our students and staff 24/7.
- We seek to create library media centers that foster students' love of reading and learning.

POB Schools: A Smart Investment

Thank You
