

**Stratford Road Elementary School Site-Based
May 18, 2021**

Attendance: Alison Clark, Andrew Paskal, Michelle LaLima, Marissa Pammer, Jessica Wyttenbach, Lisa Razon, Christina Ottati, Dino Giammalva, Kristen Durante

The meeting was called to order at 8:30 am via Zoom

New Business/Previous Meeting Follow-Up Items:

Andrew Paskal inquired about the return of the hoops for basketball outside. Alison Clark responded that a work order has previously been put in. She has followed up and will continue to.

Andrew Paskal inquired about any upcoming summer construction projects. Dino responded that there are plans for Fire Alarm upgrades, including doors and smoke heads. There may also be some classroom tile replacement although this is unsure at this time.

Andrew Paskal inquired if the Summer Special Education program and the new Summer program will be held at Stratford Road. Alison Clark responded that the Summer Special Education program will again be held in our building. The location of the newly established Summer program is to be determined. Mrs. Pammer, PTA President, inquired how these programs would impact the summer tours and other programs for this summer that the Board of Education and Central Administration have discussed. Dr. Clark responded that this is still being established and worked out.

In Person Events:

Our Kindergarten orientation went well. Alison thanked everyone for their assistance.

Kindergarten screening will be held June 28, 29, and 30th. It will be In-Person and there will be a canvas for interested staff. Alison Clark will be requesting nine (9) staff members per day.

Our next large in-person event will be Grade 4 Moving Up. Dr. Clark has met with fourth grade teachers and will continue with meetings.

Band rehearsals (by class) have also begun in the auditorium with safety protocols.

Re-Opening Updates:

The re-opening committee has met several times since our last meeting and will continue to meet. At this point the committee has pivoted towards a 7-12 focus.

Jessica Wyttenbach inquired if the original, full, re-opening committee will be reconvened. At this point Dr. Clark is unsure. She mentioned Jessica should also speak with the PCT and that Alison always advocates for elementary issues and concerns.

Today there will be the meeting of a new committee. This is the Federal Relief Funds Steering Committee. It's comprised of members of Central Administration, Administration, Parents, and Faculty at each level. They will be discussing how to use Federal funds the district is receiving.

2021 Reflections and 2022 Focus

This is our final meeting of the 2021. We briefly reflected on our accomplishments and focuses from this year. One focus/accompushment has been the establishment of a more robust student leadership program. This will remain a goal and focus area when we reconvene in 2022.

The meeting was adjourned at 8:47 am. This was our final meeting of the year.

Respectfully submitted: Andrew Paskal
