Dear POB Families,

Last Friday, Governor Cuomo announced that schools will reopen for in-person instruction in September. Our District has been planning for this reopening since May, and our POB Reopening Plan was presented to the community at the July 30th Town Hall Meeting. Since that meeting, some adjustments were made to the POB Reopening Plan based on feedback from our staff and the community.

I am writing to you today to share these changes and provide you with an option to have your child instructed remotely. If you decide to have your child instructed remotely, please complete the online form below. Please complete one form per child. In order to prepare schedules for our virtual school, we ask that you complete this form no later than August 20, 2020. Once received, you will be contacted by your child's school.

The modifications to our classrooms, schedules, health and safety protocols, and instructional practices will require additional training time for our staff; we will be using September 1st-September 3rd to accomplish this additional training. Please note the change in the first day of school date below.

Parents or guardians that want to move their children to remote-learning from in-person instruction due to issues related to COVID-19, must contact the building principal. Within three days of notification to the building principal, the child will be placed into remote learning classes. Each building will host its own Town Hall Meeting to share building-specific details between August 17th-August 20th. Notification of these meetings will be posted on the District website by Friday, August 14th.
