

October is CUNY Month! We are excited to share the CUNY Apply for Free Campaign dates for the Fall 2025 Semester, which waives the \$65 Freshman Application fee for **New York State Students** to apply to CUNY.

To avoid any issues or delays, please advise your students to follow these guidelines to ensure the waiver is automatically applied to their applications:

New York City Public Schools (NYCPS) Students:

- Submit application between **October 21st to November 15th**.
- Select the New York City Public School (NYCPS) they attend from the "High School Search Button" on the high school section (do not type it in).
- Enter a valid OSIS number. If the student does not have an OSIS number, they should follow the instructions in the next section.

Public and private high schools in New York State (non-NYCPS students)

- Submit application between **November 4th to November 15th**.
- Select the New York State School they attend from the "High School Search Button" on the high school section (do not type it in).

- For the 'Expected Degree Date' field, must put a date between January 1st, 2025 to August 31, 2025.

Please note that the CUNY Apply for Free Campaign is only for Freshman Applicants from **New York State**. Any applicants outside of the above categories are not eligible.

It is crucial to inform your seniors to submit an application during this window, as **fee waivers will be very limited for applications submitted before and/or after the free application period.**
