

## **Registration Process:**

The session will begin September 11, 2017. Registration will begin May 31, 2017 at 7:00 PM at the POB Middle School Library for a presentation, followed by registration, and will continue on a first come, first served basis through September 1st, or until the spots are all reserved. The program needs to be paid in full (15 weeks) upon registration. Child care registration forms are mandatory with a pre-registration form and \$50 registration fee, though children do not need to be in child care to take advantage of the E-STEAM morning program. Full packets will need to be filled out, as well as the additional E-STEAM registration form.

A MORNING CHILD CARE  
ENRICHMENT PROGRAM  
DESIGNED FOR ELEMENTARY  
STUDENTS K-3

We are pleased to offer special morning enrichment programs to our elementary children. These programs are cross-curricular and will boost your child's learning of Science, Technology, Engineering, Art and Math. These skills are attained in a fun, innovative manner as your child gets ready to start their school day. We are excited to offer the following programs:

Cheryl Dender

Child Care & E-STEAM Coordinator

Coding  
Musical Theater  
Robotics

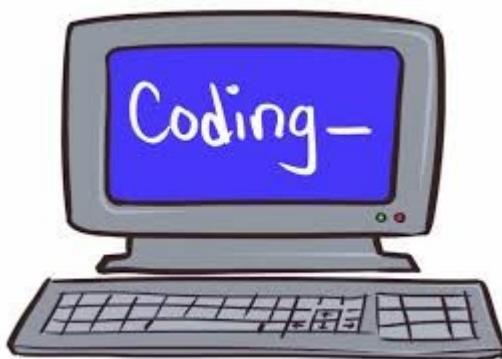

## Coding

\$180

15 Weeks K-3

Students will create computer programs that will help them learn to collaborate with others, develop problem-solving skills, and persist through difficult tasks. Students create their very own custom games and stories that they can share.

As their proficiency advances, they will learn additional coding skills. Students will have the opportunity to advance at their own pace.

## Musical Theater

\$240

15 Weeks K-3

This brand new musical theater program is sure to leave all students with a song in their hearts and rhythm in their feet. This class will conclude with a final performance in the evening at the end of the semester.

Based on the beloved Disney animated film, and featuring a jazzy, upbeat score, Disney's The Aristocats KIDS is a non-stop thrill ride, complete with unbelievable twists and turns!

Join us for some Musical Theater Feline Fun! Meow!!

## Robotics

\$240

15 Weeks K-3

Enter into the fascinating world of robotics. In this exciting STEAM program, students will design, build and test their very own robots under the guidance of an experienced AES instructor. Projects include remote control cars, claws, cranes, crawlers, and battle bots. Educational components include gear ratios, mechanical design, electronics, and robotics engineering. No previous experience is necessary, just a desire to have fun, build, and learn. Each student will receive an award on the last day of the session, and have the opportunity to earn Energy Belts to demonstrate their learned skills!
