Registration Process:

The session will begin February 1, 2023. Registration will begin via Family ID on December 1, 2022 and will continue until January 13, 2023. The program needs to be paid in full (15 weeks) upon registration. There are no refunds.

Children do not need to be in Child Care to take advantage of the E-STEAM morning program.

All of our ESTEAM classes are in the mornings before school starts either at 8:10 AM or for Coding 7:50 AM. PLEASE NOTE, 4TH GRADERS ARE UNABLE TO REGISTER FOR A CLASS ON WEDNESDAYS OR THURSDAYS DUE TO MUSIC LESSONS.

CHILD CARE PROGRAM

WELCOME TO E-STEAM

A MORNING CHILD CARE ENRICHMENT PROGRAM DESIGNED FOR ELEMENTARY STUDENTS K-4

We are pleased to offer special morning enrichment programs to our elementary children in grades kindergarten through 3rd grade. Fourth graders can only register for classes given on a Monday or Friday morning. These programs are cross-curricular and will boost your child's learning of Science, Technology, Engineering, Art and Math. These skills are attained in a fun, innovative manner as your child gets ready to start their school day. We are excited to offer the following programs:

Snapology Coding Challenge Island

Coding \$190

Students will create computer programs that will help them learn to collaborate with others, develop problem-solving skills, and persist through difficult tasks. Students create their very own custom games and stories that they can share.

As their proficiency advances, they will learn additional coding skills. Students will have the opportunity to advance at their own pace.

Students will work with Tynker, Code.org, and Kodeable, at their own pace with teacher guidance.

Challenge Island

\$225

Dazzling Decades Island©

Get ready for some groovy time-traveling fun! You and a tribe of friends will take a STEAMtastic journey to a different decade every week while you learn about what it was like to be a kid in the 50's, 60's, 70's, 80's, and 90's! You'll engineer your way around the clock at different dazzling destinations like Soda Shop Springs (1954), Pop Art Towers (1964), Pet Rock Treehouse (1975) and Super STEAMio Jump (1985). This iconic island is sure to be one for the history books!

Snapology

\$275

In Snapology's STEAM program children will be introduced to engineering and robotic concepts. history, and presentational skills by participating in three of our fun-filled programs. Students will enter the world of magic, fairytales, and royalty in our Castles, Kingdoms, and Wizards program. Next, they will build robotic and program ageappropriate robotic models using LEGO bricks and tablets. Lastly, your children will explore the world of transportation and learn about energy, wheels and axles, air resistance, and more in our Trains, Planes, and Automobiles program ... "SHHH don't tell them it's educational!"
