CHILD CARE PROGRAM

WELCOME TO E-STEAM

A MORNING CHILD CARE
ENRICHMENT PROGRAM
DESIGNED FOR ELEMENTARY
STUDENTS K-4

We are pleased to offer special morning enrichment programs to our elementary children in grades kindergarten through 4th grade. These programs are cross-curricular and will boost your child's learning of Science, Technology, Engineering, Art and Math. These skills are attained in a fun, innovative manner as your child gets ready to start their school day. We are excited to offer the following programs:

Adventures in Magic
Coding
Musical Theater

Coding

\$190

Students will create computer programs that will help them learn to collaborate with others, develop problem-solving skills, and persist through difficult tasks. Students create their very own custom games and stories that they can share.

As their proficiency advances, they will learn additional coding skills. Students will have the opportunity to advance at their own pace.

Students will work with kidOYO, a program used in conjunction with Stony Brook University.

Adventures in Magic

\$280

Discover Magic is a one of a kind program, internationally recognized, and created by some of the top magicians of our time. In this course kids are given secret file folders, custom tricks you won't find anywhere else, and unique opportunities to boost self confidence, build communication skills, and make new friends.

On the first day of class students get a secret file folder, a custom trick, and special key card to access the online video vault. That key card gives them access to our exclusive Discover Magic video vault. Once logged in, secret words given at the end of each class will unlock more and more videos – including the special in-class videos that teach the 8 traits of a true magician and bonus videos covering additional tricks.

Musical Theater

\$270

This musical theater program is sure to leave all students with a song in their hearts and rhythm in their feet. This class will conclude with a final performance in the evening at the end of the semester.

Based on the ever-popular, award-winning 1970s cartoons, this fast-paced musical teaches lessons with clever, catchy tunes.
