### AN EARLY MORNING CHILD CARE ENRICHMENT PROGRAM DESIGNED FOR ELEMENTARY STUDENTS K-4

We are pleased to offer special *before school* morning enrichment programs to our elementary children in grades kindergarten through 4th grade. These programs are cross-curricular and will boost your child's learning of Science, Technology, Engineering, Art and Math. These skills are attained in a fun, innovative manner as your child gets ready to start their school day. We are excited to offer the following programs:

Challenge Island

Coding

Yoga

## Coding \$190

Students will create computer programs that will help them learn to collaborate with others, develop problem-solving skills, and persist through difficult tasks. Students create their very own custom games and stories that they can share.

As their proficiency advances, they will learn additional coding skills. Students will have the opportunity to advance at their own pace.

Students will work with Tynker, Code.org, and Kodable, at their own pace with teacher guidance.

## Challenge Island \$235

### Arcade Mania Island©

This Kids-Choice Challenge Island adventure puts a 100% SCREEN-FREE STEAM twist on popular video games: from Super STEAMio to Island Blox to Mine Island to retro-inspired games like Space Aliens and Pinball Machines! You and your STEAM Team will swap game consoles for creativity and joysticks for ingenuity and imagination as you take on islands of low-tech STEAM challenges created with game-loving kids in mind!

## Yoga \$225

Yoga for children is a magical exploration of movement, breath, and imagination. We will engage in playful poses, embark on yoga adventures, and weave mindfulness throughout all we do. Age-appropriate yoga sequences, games, songs and storytelling will have a positive impact on their concentration, body awareness, self-confidence and emotional resilience.
