### ENL DEPARTMENT

Robert Dennis  
District Chairperson, K-12

January 9, 2017

Dear Parents and/or Guardians,

Enclosed are the results of the New York State English as a Second Language Achievement Test (NYSESLAT) that was administered to your child in May 2016. The score report lists important information specific to the linguistic development of your child, including:

- identification of the English language proficiency level
- total scale score
- description of linguistic capabilities within the language proficiency areas and modalities
- suggestions to support your child's continued linguistic growth
- additional resources

As was communicated earlier this school year, the results of this test indicate the level of English as a New Language (ENL) support service that your child requires.

If you have any further questions, please feel free to contact me.

Sincerely,

Robert Dennis
