November 8, 2021

Dear Parents/Guardians,

I wanted to provide an update regarding the Outdoor Recreation and Physical Education classes at the elementary and middle schools during the winter months.

Fresh air exposure and physical activity are essential for the healthy growth and development of children. Therefore, every attempt will be made to provide daily outdoor recess and physical education classes in accordance with the following guidelines:

- The RealFeel Temperature is above 32 degrees
- There is no precipitation (e.g. snow, rain)

Students will continue to use the playground equipment, fields, and asphalt play areas when conditions are suitable for safe play (dry and ice free).

As such, it is important that you dress your child properly. Pants, hats, gloves, and a winter jacket are strongly recommended to ensure comfort and safety while participating in physical activities outdoors.

If you have any questions or concerns, please feel free to contact my office.

Thank you and GO HAWKS!!!!

*Joseph Braico*
