Dear Plainview-Old Bethpage School Community,

Today, the District was made aware of Facebook posts and rumors involving a teacher at Plainview-Old Bethpage Middle School. While I cannot comment on specifics due to New York State privacy laws, I can assure you that we are taking this matter very seriously and are cooperating fully with the NCPD in their investigation.

I am asking families to refrain from sharing stories about this on social media as this investigation continues.

Please know that the health and safety of our students is the District's top priority. We will update the school community when we are able. If your child shares anything with you of concern, I encourage you to email the principal and/or report it to the pobsafe@pobschools.org email address.

Thank you for your cooperation.

Sincerely,
Mary O'Meara, Ed.D.
Superintendent of Schools
