

Superintendent's Highlight of the Week

June 12, 2015

Sadness turned to joy; snow and ice faded away, and the sun shined brightly ever after at Old Bethpage today! Once again children in Mrs. Dubrow's and Mr. Sidito's class showed off their literary skills and theatrical talents as they brought to life the much loved and ever so popular fairy tale, ***Frozen!*** Mrs. Candal worked with the classes to hone their musical skills as they sang and danced across the stage to bring this musical to life.

Third and fourth graders integrated the tale into their English Language Arts and music curriculums building upon the underlying themes of revelation, confrontation, transformation, bravery, loyalty, and love. Students explored the big ideas and

collaborated throughout the year. There was great energy and excitement as they collaborated and created their very own musical version for the students and families of Old Bethpage.

Schlepping backstage was our very own Board of Education trustee, Amy Pierno and her husband, who assist with this venture every year. This year there was a most creative use of technology thanks to the generous donation of Party Harty.

Everyone is a star at Old Bethpage!!
