August 2022

Dear Parent/Guardian of Senior Students:

As we begin another school year, in your case the last one for your child starting senior year at POBJFK High School, we feel it is our responsibility to inform both parent and student about concerns that have the potential to adversely affect your child's life. In this case, we are speaking about the responsibility associated with obtaining a Driver License. Since driver safety is such a great concern to us, we require **all student drivers and their parents/guardians** to attend a mandatory "Safe Teen Driving" assembly program in order to be eligible to receive a POBJFK parking permit during the 2022-2023 school year.

We will again offer these assemblies virtually via Zoom. Participation in one of the following dates is required.

- **Wednesday, September 14, log on at 6:55 PM or**
- **Thursday, September 22 log on at 6:55 PM or**
- **Wednesday, October 19, log on at 6:55 PM – Make-up session for those who were unable to attend either of the September sessions**

A Zoom code will be emailed to you the morning of your scheduled date. Log on by 6:55 PM; you will be admitted from a "waiting room." Please ensure that you remain an active participant for the duration of the presentation. We anticipate the program to last 60 minutes or less and to begin at 7 PM. An attendance form will be shared once you log in.

After Friday, September 16, no student will have permission to park on campus without having attended the program with his/her parent/guardian and without being issued a parking sticker.

Presented by the Community Parent Center, this program will address safe driving measures, New York State driving laws, and parental insurance liabilities. We will also review our expectations for students as they relate to driving on our campus. The consequences for violations will also be clearly defined.

We look forward to seeing you on September 14, September 22, or October 19.

Sincerely,

James Murray
