

Superintendent's Highlight January 4, 2019

Pasadena ended 2018 with their 18th Annual All Star Volleyball Game. This school-wide event brought the Pasadena community together to cheer on the fourth grade All Star Volleyball team as they competed against the teachers.

The process started early in the fall when the fourth graders were taught how to play volleyball, how to keep score and practice good sportsmanship. The students then spent the next few weeks playing volleyball and evaluating their performance with a rubric. Tensions ran high as the two versatile and prepared teams played at their best. This year the teachers claimed victory, but the students had the most fun seeing their teachers dive after the balls.

The Pasadena Pep Band students, led by Glenn Chiarello and with help from the JFKHS Pep Band Director Brian Carter, played to excite the teams and spectators. Pasadena was also visited by the JFKHS Carolers, led by Adam Paltrowitz, to entertain the students between matches. Some of the Pasadena graduates who came to visit remembered their time on the court.

The All Star Volleyball Game is one of the highlights of the Pasadena school year, setting us up for a great 2019 at Pasadena!!!
