

Plainview-Old Bethpage teacher named ASSET Bright Lights Award winner

Plainview-Old Bethpage congratulates POFJKHS technology teacher Philip Caputo on being recognized with the Bright Lights Award by the Association of Suffolk Supervisors for Educational Technologies (ASSET). This award celebrates the accomplishments of educators who help make integrating technology into the classroom a smooth process and excellent learning experience for students.

Mr. Caputo's hard work to promote robotics and technology at Plainview-Old Bethpage has elevated the program into one of the largest and most successful on Long Island. The program earns recognition on both the state and national levels. In the classroom, Caputo encourages a dynamic environment where students seamlessly switch between high-end technology to traditional hand and power tools.

The award was presented at the ASSET Bright Lights Luncheon on Jan. 17 at the Heritage Club in Bethpage.
