

Superintendent's Highlight February 28, 2020

If it is the final week of January in POB, it must be time for the annual College Tour! The 6th Annual Sophomore College Tour headed south this year and visited the University of Maryland, Towson University, Goucher College, George Washington University, American University, Georgetown University, Rider University and the University of Delaware.

Our 50 enthusiastic sophomores were riveted as they heard a lecture on climate change at the University of Maryland. Their comments and questions surely made their teachers proud as they challenged Professor Salawitch with their

thoughtful observations. Other highlights of the trip included the sampling of ice cream at various college dining halls, winning prizes at Dave and Busters, cheering on the University of Maryland basketball team vs. Iowa State (Maryland won!) and walking through the streets of Washington, D.C. admiring the beautiful city campuses. Students also had the opportunity to meet with one of our esteemed POB

alumni, Jordan Rosner, at George Washington University to learn about his college search and freshman year experiences.

A special thank you to the Director of Guidance, Laurie Lynn, and her team of POBJFKHS counselors Jason Miller, Christina Rivas-Laline and teachers Warren

Jacobson and Michael Horun who took the time away from their families to give these students a life changing experience. #Pobproud
