

Superintendent's Highlight March 6, 2020

Another year, and another amazing weekend at Hofstra's Annual Model UN Conference. Over the course of the past weekend a delegation of 20 Plainview-Old Bethpage students debated and resolved some of the world's most pressing issues. This was Hofstra's 9th annual conference, and each year our students continue to impress. Our students took home 12 total commendations including five Honorable Mention, five Outstanding Delegate, and two Best Delegate Awards.

This conference had something for everyone, including a Joint Historical Crisis Committee of the American Revolution where students represented delegations from England, the Thirteen Colonies and the Iroquois Confederation. There was a Future Crisis Committee dedicated to the ever-approaching hypothetical scenario of providing artificial intelligence rights. Traditional committees like the Food and Agricultural Organization and Disarmament and International Security Committee ensured that students were engaged in lively debate about the most relevant global issues.

It was a weekend of reunions as well! Dara Gleeson (center), former Secretary General of Plainview's very own MetMUNC and now Secretary General of Hofstra Model UN, once again organized a tremendous event. With help from Plainview MetMUNC alumnus Daniela Guido (left) as a Committee Chair, their leadership and experience shined a light on the successes of our POB graduates. #Pobproud
