

Superintendent's Highlight March 8, 2019

Serve. Lead. Inspire. Fourth graders at Judy Jacobs - Parkway School began the process of electing representatives for their first Student Council with this inspired message. All fourth grade students were invited to submit an application for candidacy. Elementary Guidance Counselor, Mrs. Stephanie Zeidner, shared the expectations and responsibilities that come with being a student body representative and leader. Students delivered campaign speeches to their peers highlighting the qualities that would make them the best candidate to represent their class.

On the heels of the government inquiry unit, fourth grade teachers Ms. Rebecca Elenio, Mrs. Maureen Eglinger, Mrs. Ellyn Adges, Ms. Tara Marcone and Mrs. Tricia Rehil prepared the students to speak publicly, express ideas and make their best choices. In an effort to provide more opportunities for student voice and advocacy, JJP's building administration will invite the elected representatives to share their insight and feedback as the voice of the students and to help make Judy Jacobs-Parkway the best it can be! Their first outing will be at the next Board of Education meeting as they update the community on JJP happenings.
