

## Superintendent's Highlight May 3, 2019

Despite the unseasonably cool weather, the Class of 2019 joined together for POB's annual May 1 celebration, Senior Decision Day. Students dressed in their college gear as they took photos with their friends and classmates and celebrated under the Senior Decision Tree with a student's name and future plan on each leaf.

With 97% of the Class of 2019 submitting at least one application, the graduating class submitted a total of 3,244 college applications. Students have chosen to attend colleges throughout the country: from Alabama to Wisconsin, Massachusetts to California, Kansas to Texas, and all points in between. Students are headed to both four-year and two-year colleges, art institutes, culinary schools, medical programs, engineering programs and business schools, as well as a host of other exciting paths and career opportunities.

In a few short weeks we will be bidding these seniors a fond farewell as they walk across the Tilles Center stage. A fitting place for an accomplished group of students. With more than 6 million dollars in scholarships already amassed by the Class of 2019, we know that they will soar in their new places of learning. Why not? They have been given the Keys to Success in our POB Schools.
