

Superintendent's Highlight September 7, 2018

Our dedicated staff had those “Keys for Success” in hand to open our classroom doors to a new year filled with exciting journeys and adventures in POB Schools. Who could resist the smiles of the children as they confidently walked off those

yellow buses to greet their new classmates and teachers!!!

At Old Bethpage, special messages greeted students as they entered the bathrooms, reminding them of how important it is to be kind and respectful to each other. The Mattlin PTA had also provided the same type of messages on the walkway as the chalked colorful signs greeted students on their first day.

All of our middle school students were in awe as they entered the new science labs, with their state of the art furniture, designed to align with the exciting explorations

and projects of the new science framework.

Nowhere was there more excitement than at Stratford Road when the fourth graders officially opened the doors of the new auditorium. The entire school joined them in their first assembly in the new space. Yes, it is going to be a great POB year for our children thanks to a community that supports the future!!!

Welcome back and L'Shannah Tovah for all the families celebrating.
