

## Superintendent's Highlight October 19, 2018

The spirit was alive during PRIDE Week at Mattlin Middle School as the students celebrated with unusual energy and excitement throughout their school. They participated in activities that captured Mattlin PRIDE and helped build leadership and teamwork skills. The week kicked off with the Mattlin Middle School PRIDE Card Fundraiser assembly. This fundraiser enables Student Council to provide wonderful programs and activities, as well as purchase items to create a positive learning environment.

With a theme of “Together with PRIDE,” students began the week with a Pep Rally followed by a host of exciting activities to capture the character of Mattlin. Such activities as theme dress days, showcase design, and hallway decorations allowed each class to demonstrate their school spirit in creative ways.

The week concluded with PRIDE games where students joined in team-building activities to create community and build a sense of school spirit. PRIDE games began with an *Escape the Room* activity during their 8th period classes and concluded with team-building activities in the gym. The students were all smiles as they had a blast celebrating PRIDE Week!
