

# Skills Challenge

SAMPLE

## Level 1

Create a survey in Google Forms asking your peers to give their opinion about a topic related to school, hobbies, music, TV/movies, sports, or food. The survey should have these features:

- at least 3 total questions, using a different question type for each one
- a title that connects to the topic of the survey
- your name written in the Form Description (should appear right after the title)
- a theme or color scheme that's different from the basic one you start with

SAMPLE

## Level 2

All Level 1 requirements, plus:

- 2 additional questions (for a total of 5), using a different question type for each one
- Hint text included for at least 3 of the questions
- Split your survey into two sections (the kind that appear on separate pages), and give each page its own title and description

SAMPLE

## Level 3

All Level 1 and Level 2 requirements, plus:

- 2 additional questions (for a total of 7), including two that refer to an image or video added directly to the survey
- Split your survey into three sections (the kind that appear on separate pages), and give each page its own title and description
- Show the progress bar at the bottom of the survey
